

## ARDEN'S ALWAYS BADGES

*The overwhelming majority of our children at Arden follow our school rules and behave appropriately at break times but also have good behaviours in class.*

The Arden Always Badge positively reinforces these behaviours, recognises those children who **always** do the right thing and helps to maintain a culture where following the rules is the norm.

**The children in all classes work towards achieving an Always Badge.**

Those children who do not move their peg, lose Golden Time or receive any other sanction for forgetting our rules, during the fortnight period, will receive an Always Badge in our whole school assembly.

Of course those children who do not receive an Always Badge will be able to earn one by showing excellent behaviour. In addition, if an Always Badge holder later forgets one of our school rules, they can lose their badge but this can be regained by showing that this was a temporary blip!

***We hope that all the children at Arden will strive to achieve an Always Badge and that they will value their badge once it has been achieved.***

*By doing this together we can ensure that Arden remains a safe and happy place to learn.*
